Notice of Violation

Dear Mr. Souza:

On April 5, 2011, the Division of Air Pollution-Knoxville Field Office received the Shawmut Advanced Material Solutions 2010 annual report. Condition five of operating permit (#461613P) states that a written report stating the compliance status for the facility shall be submitted by March 31 of every year, beginning in the year 2006. The 2010 annual report was received less than seven days past the due date.

Please consider this a formal **Notice of Violation** of Rule 1200-3-9-.02(6) for the violation of condition thirteen of operating permit 461613P. The Technical Secretary has elected to take no further action on this Notice of Violation. Shawmut Advanced Material Solutions is placed on notice that in the future, the Division will pursue more stringent enforcement action as necessary to ensure compliance with Division rules.

If you have any questions concerning this correspondence, please contact me at (865) 594-5566 or Martie.Carpenter@tn.gov.

Sincerely,

A handwritten signature in cursive script, reading "Martie L. Carpenter", is written above the typed name.
